Notice to Mariners – Hornsea Project Two

Notice of Export Cable Installation Activities – Cable Wet Storage, Commencement of Trenching & Vessel Details – 02/09/2020

1. INTRODUCTION

Mariners are advised that Ørsted are continuing export cable installation works and due to commence trenching activities as part of the construction of the Hornsea Project Two Offshore Wind Farm. A section of the cable will be temporarily wet stored at the proposed cable joint location, shown in Figure 2 with coordinates provided in Section 7.

2. AREA OF OPERATIONS

Activities are being carried out on the Hornsea Project Two Offshore Wind Farm export cable route as shown in Figure 1. Mariners are advised that MaxSea and Olex plotter files of the proposed works area can be provided by the Project's Commercial Fisheries Advisors at Brown and May Marine Limited and the Project's onshore fisheries liaison. Contact details are provided in Section 5 of this Notice.

Note that these works will be carried out alongside ongoing survey operations using the Titan Endeavour and Ivero which are both currently on site, as well as boulder clearance and trial trenching activities for Hornsea Project Two.

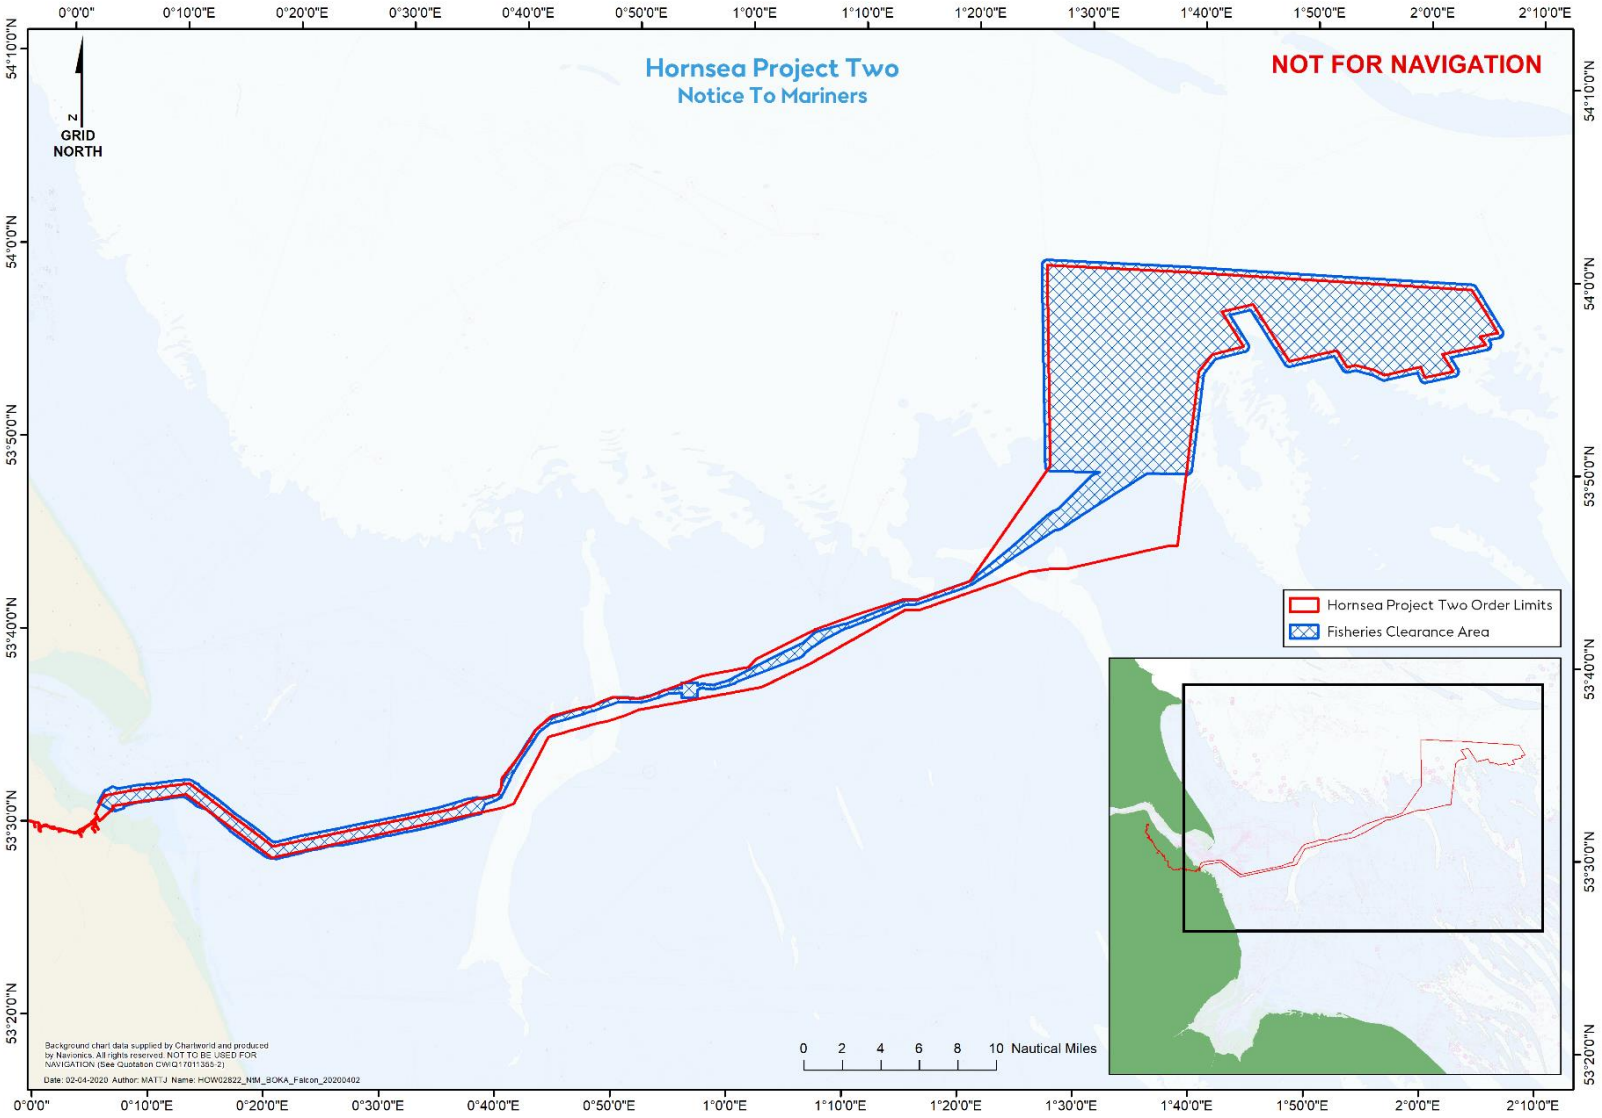

Figure 2. Proposed wet stored cable location

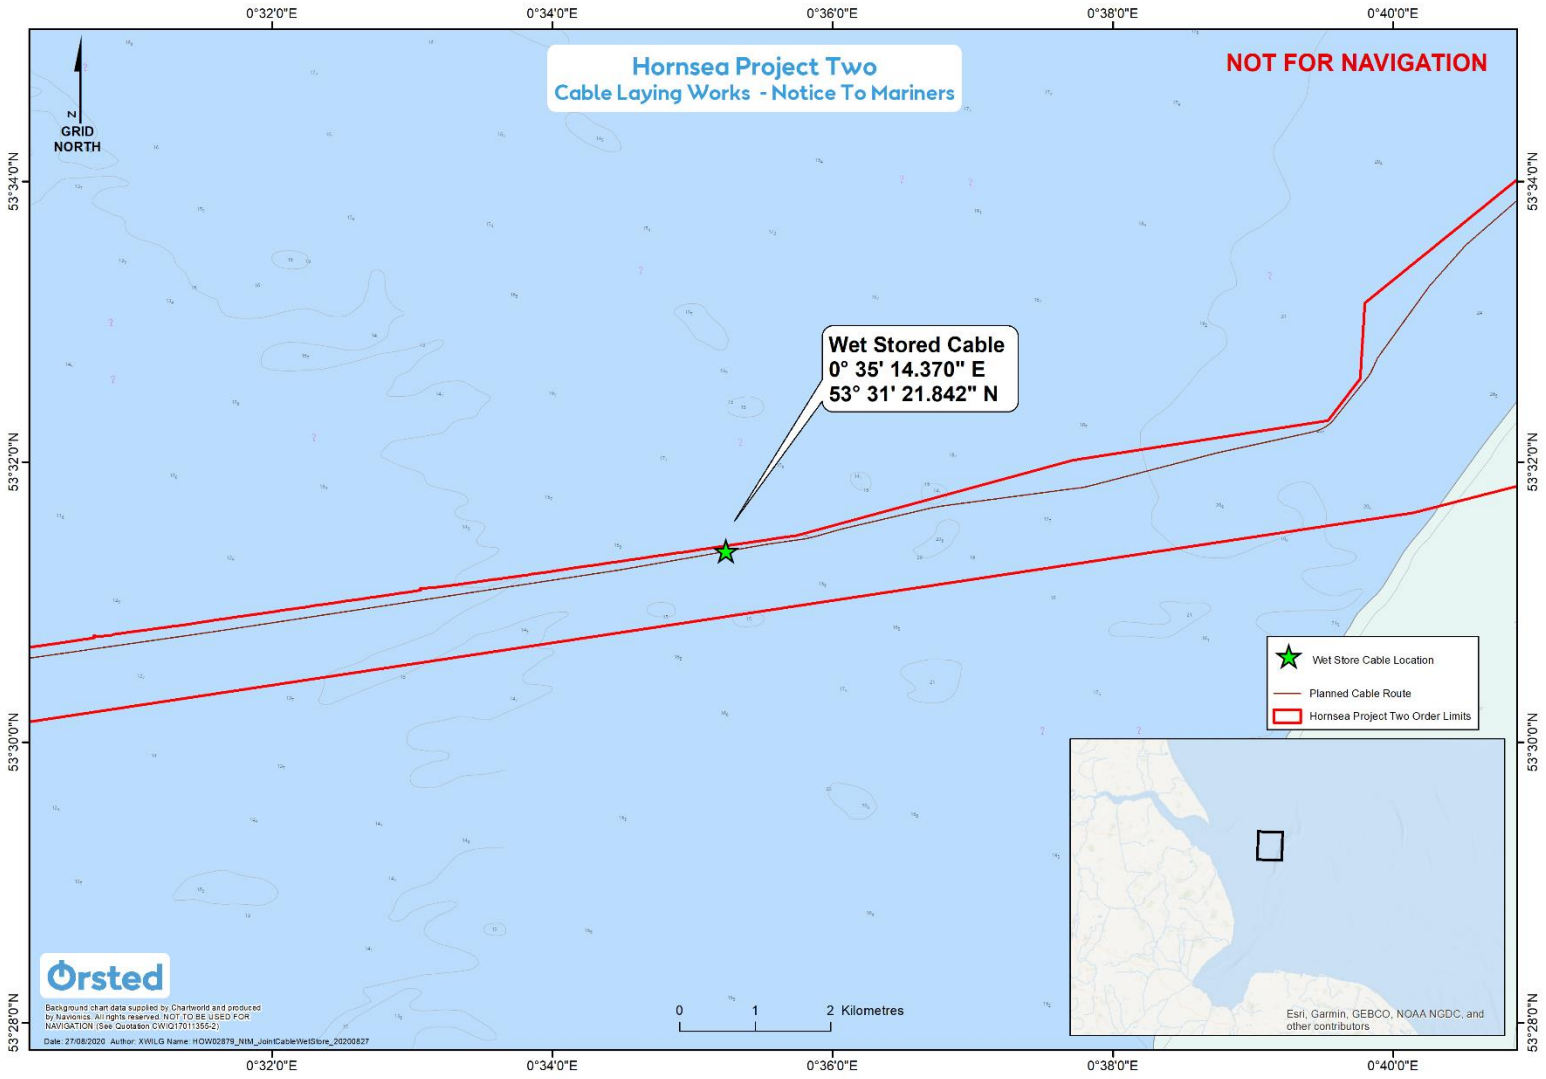

3. PROPOSED ACTIVITIES

3.1 Export Cable Seabed Preparation and Installation

Please be advised that Boskalis will be temporarily wet storing a cable at the location provided in Figure 2 on or around 9th September until 7th October 2020. A guard vessel will be present whilst the cable is being wet stored but it is advised that mariners maintain a safe clearance. Boskalis will be commencing trenching with the Boka Falcon on or around the 10th September to 12th October 2020.

This is in addition to ongoing seabed preparation and cable installation and burial activities will continue through to Q4 2021. Works will be continual and intermittent throughout this period. The works will be undertaken by a number of vessels at different times according to the Project schedule. Details of the vessels are provided in Section 6. When the works are complete, this Notice will be updated and re-issued.

Note that the vessels will have limited manoeuvrability, some vessels will be operating on anchors, and it is requested that all vessels operating near the vessels maintain a safe distance (at least 500m) and pass all vessels at minimum speed.

3.2 Safety

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed within the survey area that could be damaged or form a hazard to the vessel and its equipment advises the Project's Fishing Industry Liaison of their position and nature. The Project has also requested the clearance of static fishing gear within the boundary shown in Figure 1 and described in Section 7 of this Notice. When surveys commence a listening watch will be maintained on VHF Channel 12 and 16 when within the appropriate port authority area and will actively transmit an AIS signal.

4. IMMEDIATE CONTACTS

The contents of this notice are based upon our current understanding of Project Two requirements. A further notice will be issued once activities are completed.

Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to:

Project Manager (Ørsted) (Office hours only)	Richard Irving	
	Tel: +44 78 5 4276523	E-mail: ricir@orsted.co.uk
Project Manager (Boskalis) (Office hours only)	Steve Marshall	
	Tel: +44 7970 750 385	E-mail: steve.marshall@boskalis.com

5. FISHERIES LIAISON

Onshore Fisheries Liaison is provided by Nick Garside and Sophie Farenden who can be contacted on:

E-mail: nick.garside@live.co.uk	Mob: +44 (0) 7538 827013
Email: sophie.farenden@brownmay.com	Mob: +44 (0)7525 128344

An Offshore Fisheries Liaison Officer is present on the Boka Falcon contactable on VHF channel 16, if required.

In the event the Offshore Fisheries Liaison is not contactable please direct fisheries enquiries related to the works to the Ørsted Company Fisheries Liaison Officer:

Company Fisheries Liaison Officer – Courtney French	Tel: +44 (0)7796 447372	E-mail: CONFR@orsted.co.uk

6. VESSELS

Operations will be conducted by a number of vessels as provided below. Additional vessels may mobilise to site as required. Contact can be made directly with the vessels, where necessary, using the contact details listed below. This Notice will be updated with further contact details once confirmed. Client and contractor contact details are provided in Section 4 and 5 of this NtM.
