

## Notice to Mariners – Hornsea Project Two

**Notice of Completion of Pre-Construction Geophysical Surveys in 2020 – Issued 29/12/2020**

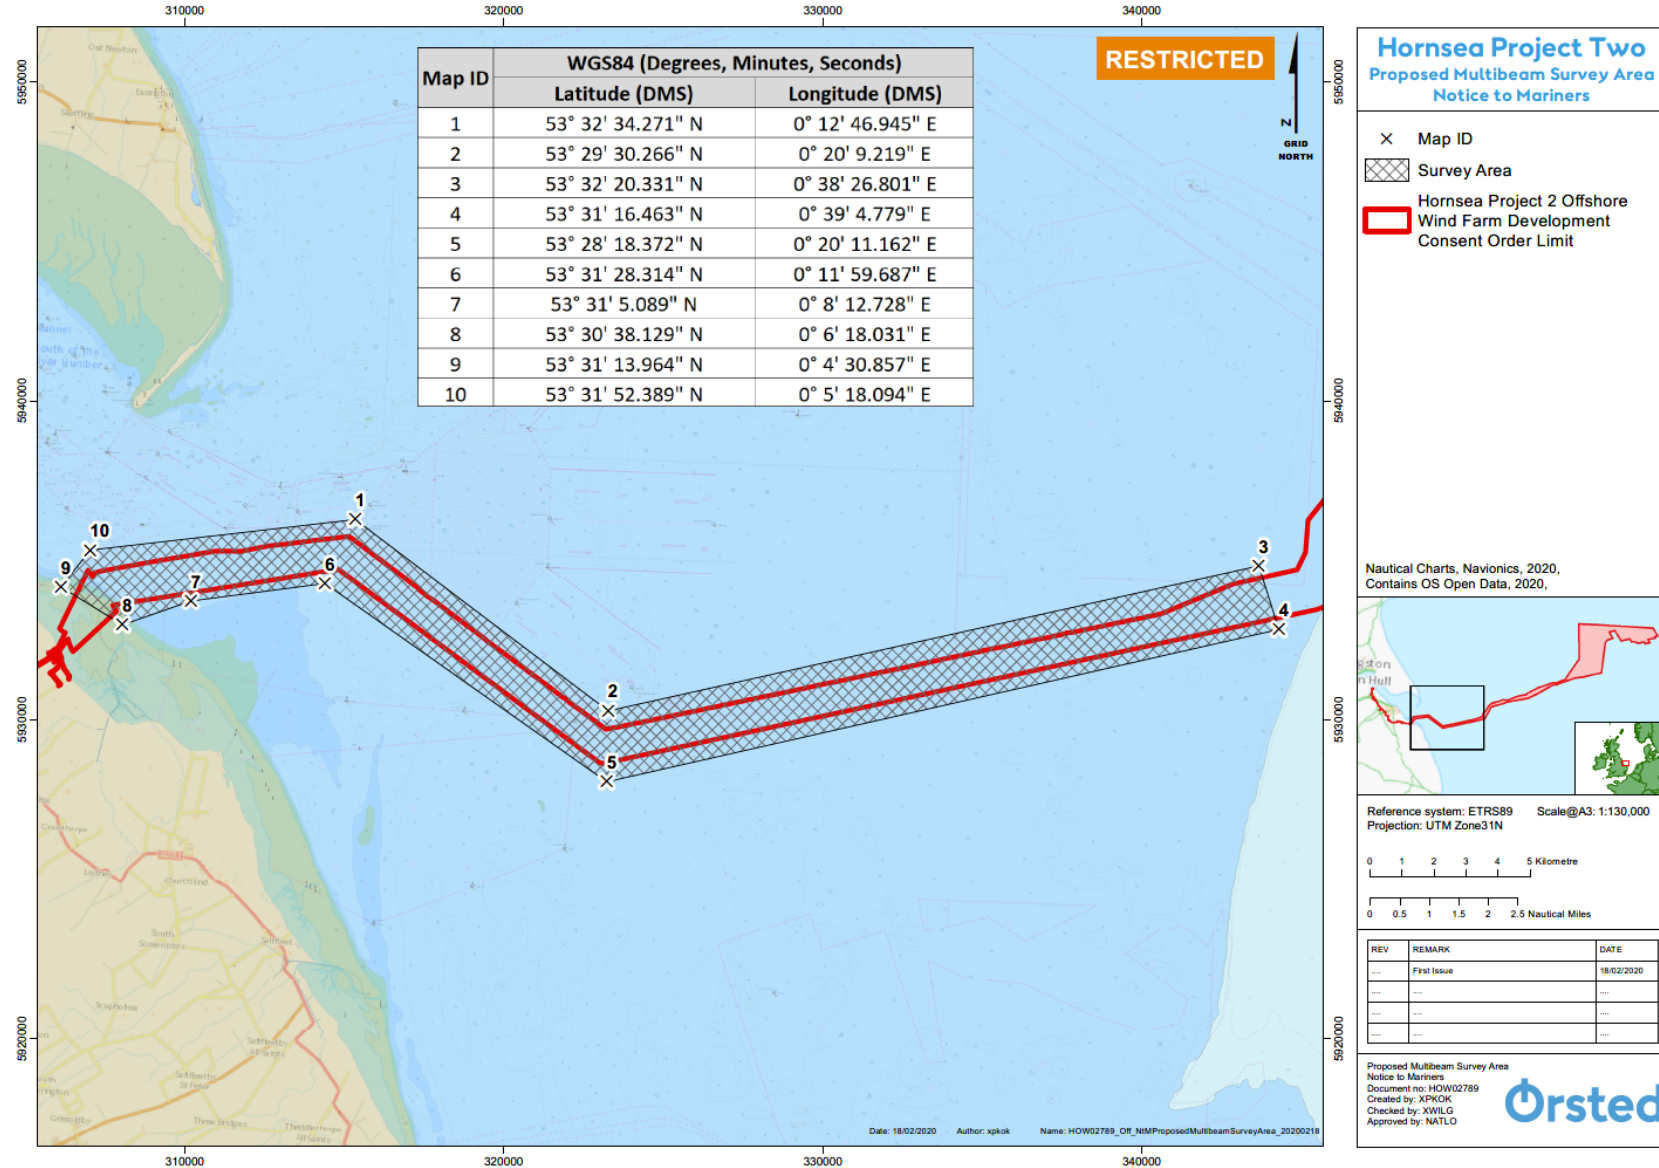

### 1. INTRODUCTION

Mariners are advised that Hornsea Project Two have completed pre-construction geophysical surveys along the export cable corridor in 2020 for the proposed Hornsea Project Two Offshore Wind Farm. Construction geophysical surveys will continue intermittently across the Hornsea Project Two wind farm area in 2021, the details of which will be covered under a separate existing Notice to Mariners along with ongoing construction activities across the site (Document Reference: 06239336). Please therefore consider this specific Notice closed.

### 2. AREA OF OPERATIONS

Activities were undertaken on the Hornsea Project Two offshore wind farm proposed export cable route and proposed anchoring locations as shown in Figure 1. The coordinates of the surveyed areas are also provided in Figure 1.
