

NOTICE TO MARINERS

Issue Date: 19th April 2021

VIKING LINK Project

Campaign 1 UK landfall preparation Works, Lincolnshire

Mariners are advised about Campaign 1 UK landfall preparation works from Boygriff, Lincolnshire (English Landfall) progressing offshore along the first section of the cable route planned for the Viking Link project which is an HVDC electricity transmission interconnector between Denmark and England, a joint venture between National Grid and Energinet. The cable landfall works include excavation works and diving inspection operations.

The Campaign 1 preparation works are planned to commence on **2nd May 2021** with expected completion in UK waters by the end of May 2021. An overview of the landfall area is shown in **Figure 1** below. The preparatory works consist of Pre-lay Grapnel run (PLGR) clearance works to remove obstructions and debris from the route from KP620 – KP575 ahead of the cable lay works.

	ETRS89		ETRS89 UTM31N		LAT
	LATITUDE	LONGITUDE	EASTING (m)	NORTHING (m)	WD (m)
Start point North	53°17'39"N	0°18'20"E	320421	5908367	1
Start point South	53°17'38"N	0°18'20"E	320426	5908353	1
End point	53°35'27"N	0°40'32"E	346157	5940498	21

The Campaign 1 preparation works are being managed by **Prysmian PowerLink** carried out by **ASSO Subsea** using the following vessels:

- **AHTS Artemis** - as the vessel carrying out the PLGR works

Vessels and their contact details are given in **Table 1** below.

Vessels are requested to pass at a safe speed and distance and fishing vessels are advised to remain a safe distance, approximately 550m (0.3 nautical miles) from the areas identified. Dive works will be ongoing and during the works the vessel will have restricted manoeuvrability as it completes its work scope.

VHF CH 16 will be monitored at all times and will be used to contact the coastguard in the event of an emergency.

Vessel Name	Vessel Photograph	Vessel Details
AHTS "Artemis"		MMSI: 209618000 Call Sign: 5BVJ3
