

Notice to Mariners – Hornsea Project Two

**Notice of Intertidal Works Update – Demobilisation of Beach Equipment -
16/07/2021**

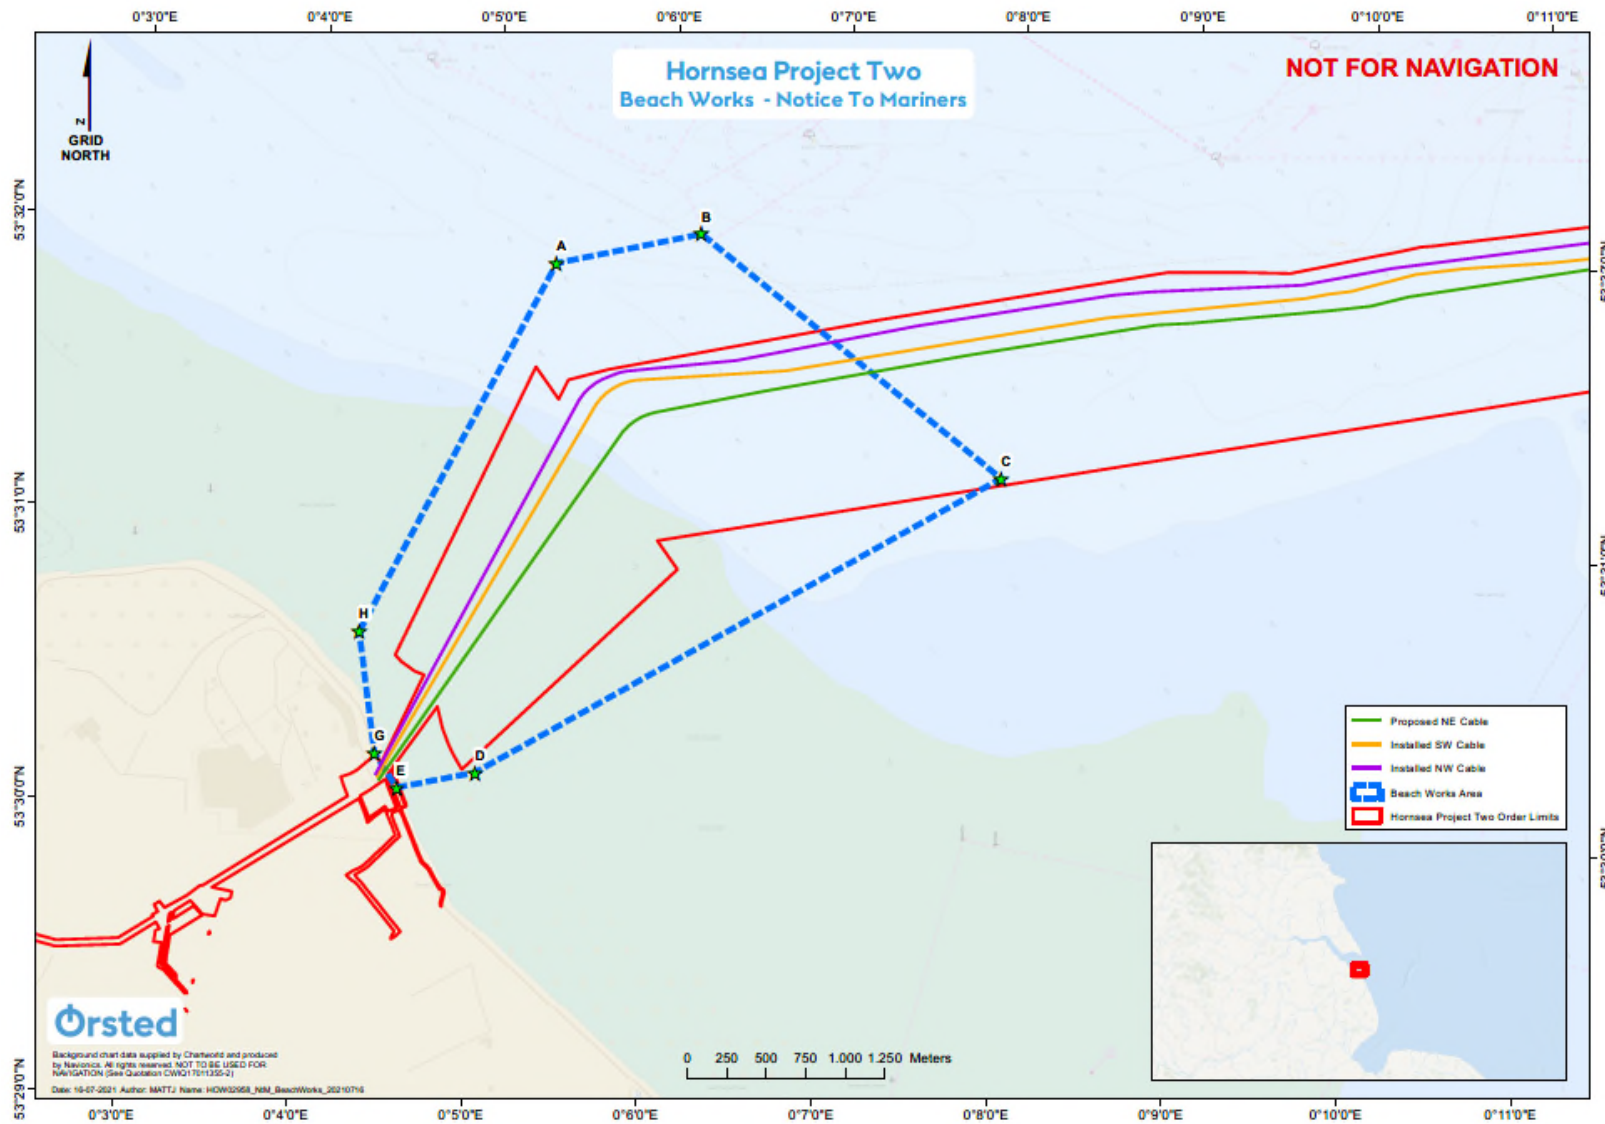

1. INTRODUCTION

Mariners are advised that Ørsted have demobilised the export cable installation equipment from the beach and have buried all three export cables within the intertidal area. The export cable seaward of Mean Low Water Springs requires further burial works to be undertaken in the coming weeks therefore mariners should take note of this area. Further beach reinstatement is ongoing.

2. AREA OF OPERATIONS

Activities within the beach area for the Hornsea Project Two Offshore Wind Farm (intertidal area) as shown in Figure 1 are nearly complete. Mariners are advised that MaxSea and Olex plotter files of the proposed works area can be provided by the Project's Commercial Fisheries Advisors at Brown and May Marine Limited and the Project's onshore fisheries liaison. Contact details are provided in Section 5 of this Notice.

3. COMPLETED AND ONGOING ACTIVITIES

3.1 Landfall Cable Installation

The final export cable pull-in has been completed at the beach landfall and the cable has been buried between Mean High Water Springs (MHWS) and Mean Low Water Springs (MLWS). Equipment supporting cable installation has been removed from the beach, including the Maagd barge, however reinstatement work is ongoing on the beach. The export cable seaward of MLWS requires further burial therefore Mariners should take note of this area. Export cable installation and burial seaward of MLWS will be ongoing until end of 2021.

3.2 Safety

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed within the works area that could be damaged or form a hazard to the vessels and their equipment advises the Project's Fishing Industry Liaison of their position and nature.

4. IMMEDIATE CONTACTS

The contents of this notice are based upon our current understanding of Project Two requirements. A further notice will be issued when works are complete.

Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to:

Project Manager (Ørsted) (Office hours only)	Richard Irving	
	Tel: +44 78 5 4276523	E-mail: ricir@orsted.co.uk
Project Manager (Boskalis) (Office hours only)	Steve Marshall	
	Tel: +44 7970 750 385	E-mail: steve.marshall@boskalis.com

5. FISHERIES LIAISON

Onshore Fisheries Liaison is provided by Nick Garside and Sophie Farenden who can be contacted on:

E-mail: nick.garside@live.co.uk	Mob: +44 (0) 7538 827013
Email: sophie.farenden@brownmay.com	Mob: +44 (0)7525 128344

An Offshore Fisheries Liaison Officer is onboard the Emswind and Resilient Guard Vessels, contactable on VHF channel 16, if required.

In the event the Offshore or Onshore Fisheries Liaison is not contactable please direct fisheries enquiries related to the works to the Ørsted Company Fisheries Liaison Officer:

Company Fisheries Liaison Officer – Courtney French	Tel: +44 (0)7796 447372	E-mail: CONFR@orsted.co.uk
--	-------------------------	--

6. VESSELS

All vessels associated with the beachworks have now departed site. Other vessels are undertaking ongoing export cable installation and burial, covered by a separate Notice.
