

# NOTICE TO MARINERS

## DOGGER BANK OFFSHORE WIND FARM

DATE OF ISSUE:	01/04/2023
NOTICE TO MARINER NUMBER	LF500013-MIP-DOG-NOT-0023

### Dogger Bank A Export Cable Offshore Platform Station Pull-In

LOCATION DESCRIPTION	Dogger Bank A Offshore Windfarm, Export Cable Corridor and Offshore Platform Station	
COORDINATES	DBB Export Cable Corridor	See Table 1 below
START DATE/TIME	14/04/2023	
END DATE/TIME	10/06/2023	

### Description of Hazard/Operation

Between approximately the 14<sup>th</sup> of April and 10<sup>th</sup> June, when there is a suitable weather window, the previously wet stored cable ends near the Dogger Bank A Offshore Platform Station (OSP) will be recovered, re-laid and then pulled into the OSP by NKT Victoria.

During operations the NKT Victoria will be restricted in its ability to manoeuvre as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and lights. The vessel will also transmit an Automatic Identification System (AIS) message.

It is requested that all vessels maintain a minimum of 1.5Nm separation distance from the Cable vessel and pass at reduced speed.

In the period between cable lay and cable burial, or protection by rock placement, the cable will be exposed on the seafloor. During this time the cable is sensitive to any external impact and constitutes a snagging risk for equipment with seabed intervention.
