

Wash Cockle Fishery 2023 Consultation: Draft Operating times

The following tables set out the Days of Operation for the cockle fishery as determined using the established and agreed principles;

- Weekdays (Mon to Thurs preferred)
- Tide heights over 6m
- 4 days per week

*Some Sunday openings have been included to enable access to Holbeach also.

The proposed days of operation deviate from the agreed policy so as to maximise fishing opportunity. This has resulted in some long periods of opening and closure. Please use the space provided in the tables below to indicate preferences and make comments. Please also use the space provided in section 5 of the questionnaire.

	White rows are open periods
	Blue rows are closed periods
