

NOTICE TO MARINERS

Issue Date: 28th July 2023

VIKING LINK Project

Landfall Works at Boygriff, Lincolnshire

Mariners are advised about landfall works at Boygriff, Lincolnshire (English Landfall) being undertaken for the Viking Link project which is an HVDC electricity transmission interconnector between Denmark and England, a joint venture between National Grid and Energinet. The cable landfall works include cable survey and burial works with expected completion in UK waters by mid-September 2023.

The marine landfall works area is shown in **Figure 1** below.

The works, managed and carried out by **Prysmian PowerLink**, are planned from Week 32 to Week 37, using the following vessels:

- TSM 'Alize'.

Vessel and contact details are given in **Table 1** below.

In the meantime, and up to the completion of the works, a dedicated guard vessel (selected between the vessels listed in **Table 1**) will be in position to guard the area at the landfall up to approx. 1km from the shore. The below coordinates are indicative of the guard vessel position whilst on site that is represented in **Figure 1** by the yellow mark:

Easting	322069E
Northing	5908606N
Lat	53° 17.80436666 N'
Long	0° 19.80395800'E

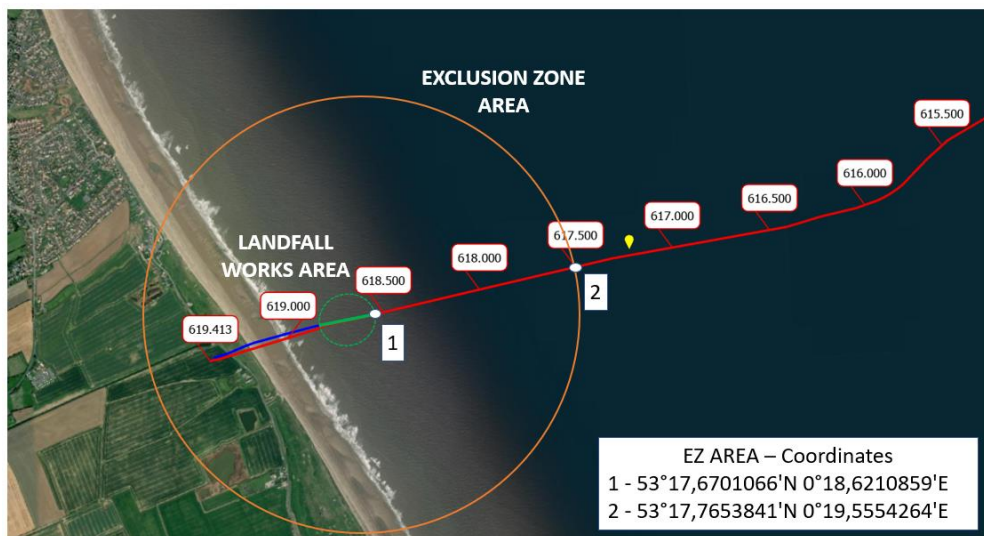

Figure 1 – Guard Vessel location, work area and EZ

Vessels are requested to pass at a safe speed and distance and fishing vessels are advised to remain a safe distance, approximately 1000m from the areas identified. Dive works will be ongoing and during the works the vessel will have restricted manoeuvrability as it completes its work scope.

The Communication between the vessels will be through CH67 & 72.

VHF CH 16 will be monitored at all times and will be used to contact the coastguard in the event of an emergency.

Vessel Name	Vessel Photograph	Vessel Details
TSM <i>'Alize'</i>		IMO: 9639919 MMSI: 228027700 Sign: FIEG
Guard Vessel <i>'Resolution'</i>		IMO: 8214334 MMSI: 235002260 Call Sign: MBCZ5
Guard Vessel <i>'Silver Harvester'</i>		IMO: - MMSI: 235009094 Call Sign: MMAS9
