

## DOGGER BANK OFFSHORE WIND FARM

DATE OF ISSUE:	19/06/2025
NOTICE TO MARINER NUMBER	LF600013-IAC-DOG-NOT-0006 Rev 002

## Dogger Bank B IAC Pre-Lay Grapnel Run (PLGR)

LOCATION DESCRIPTION		Dogger Bank B Offshore Windfarm
COORDINATES WGS 84	DBB OWF	See Table 1 below
START DATE/TIME		26/06/2025
END DATE/TIME		01/07/2025

## Description of Hazard/Operation

The Offshore Service Vessel, **SIMA**, will perform the Pre-Lay Grapnel Run operations in the South of Dogger Bank B OWF Inter Array Cable Array Area.

This vessel will arrive in the working area around the 26<sup>th</sup> of June 2025 and continue until approximately 01<sup>st</sup> of July 2025. The works will be continuous, 24 hours a day. Charts of the DBB array area are provided below.

The operations include a single pre-lay grapnel run over the centre of part of the array cable routes prior to IAC installation by means of a grapnel train to mitigate the risk of encountering subsea obstructions such as discarded fishing gear, wires, etc.

During operations, the **SIMA** will be restricted in its ability to manoeuvre as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and lights. The vessel will also transmit an Automatic Identification System (AIS) message.

It is requested that all vessels maintain a minimum of 1.5Nm separation distance from the vessel and pass at reduced speed. Fishing gear or other equipment with seabed intervention should not be deployed when approaching the working corridor.
