

NOTICE TO MARINERS

DOGGER BANK OFFSHORE WIND FARM

DATE OF ISSUE:	19/06/2025
NOTICE TO MARINER NUMBER	LF700013-IAC-DOG-NOT-0001 Rev 002

Dogger Bank C IAC Pre-Lay Grapnel Run (PLGR)

LOCATION DESCRIPTION		Dogger Bank C Offshore Windfarm
COORDINATES WGS 84	DBC OWF	See Table 1 below
START DATE/TIME		01/07/2025
END DATE/TIME		08/07/2025

Description of Hazard/Operation

The Offshore Service Vessel, **SIMA**, will perform the Pre-Lay Grapnel Run operations in Dogger Bank C OWF Inter Array Cable Array Area.

This campaign will commence around 1st of July 2025 and continue until approximately 8th of July 2025. The works will be continuous, 24 hours a day. Charts of the DBC array area are provided below.

The operations include a single pre-lay grapnel run over the centre of part of the array cable routes prior to IAC installation by means of a grapnel train to mitigate the risk of encountering subsea obstructions such as discarded fishing gear, wires, etc.

During operations, the **SIMA** will be restricted in its ability to manoeuvre as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and lights. The vessel will also transmit an Automatic Identification System (AIS) message.

It is requested that all vessels maintain a minimum of 1.5Nm separation distance from the vessel and pass at reduced speed. Fishing gear or other equipment with seabed intervention should not be deployed when approaching the working corridor.
