

Hornsea Three

Notice to Mariners – Weekly Construction Update

Ref: 09314456_X

Date: 26/09/2025

1 Introduction to proposed activities

This notice provides an overview of the upcoming offshore construction activities associated with Hornsea Project Three Offshore Wind Farm ('Hornsea Three'), located within the UK Sector of the North Sea. It will be updated weekly to provide insights into the project's activities throughout the construction phase.

a) Working on site

Cable Installation Pre-lay Operations:

(Marine Licence: DCO/2016/00001)

Trailing Suction Hopper Dredger (TSHD) works are continuing along the Hornsea Three export cable route and interlink cable route. The 'Vitus Bering' is estimated to complete works by October 2025. Orsted requests all fishing gear is removed from the area of works shown in [Figure 1](#).

Seabed Preparation Survey Works :

(Marine Licence: DCO/2016/00001)

GEOxyz are undertaking bathymetric progress surveys to support seabed preparation works associated with Hornsea Three. The surveys will provide a seabed preparation bathymetry for the Eastern Export Cable route, Interlink Cable route (between the two site substations) and used disposal areas. The surveys are being performed by vessel 'GEO Ocean V' and are estimated to be completed by October. Orsted requests all fishing gear is removed from the area of works shown in [Figure 1](#).

Out of Service Cable removal:

(Marine Licence: DCO/2016/00001)

The removal of 10 linear features that intersect the Hornsea Three export cable route are being performed by the vessel 'Isle of Jura'. Works are estimated to be completed by the end of September. The coordinates of the linear features to be removed are shown in [Figure 1](#).

b) Completed works

Subsea rock Installation:

(Marine Licence: DCO/2016/00001)

Subsea rock installation (SRI) works to support the Hornsea Three export cable installation works and post-installation stabilisation and protection of the export and array cables have been completed. The 'Simons Stevin' has been demobilised.

2 Area of operations

All areas of works described in this notice are presented in **Figure 1**. Full coordinate lists and plotter files can be provided upon request from the Hornsea Three Fisheries Liaison personnel, as listed in **Section 5**.

Figure 1: Areas of Works –Cable Installation Pre-lay Operations and Seabed Preparation Survey Works.

3 Safety

Hornsea Three vessels will maintain a listening watch on VHF Channels 12 and 16 while within the relevant port authority area and will actively transmit an AIS signal.

Note that the vessels when under work will have limited manoeuvrability and it is therefore requested that all vessels operating near the Hornsea Three vessels maintain a safe distance (at least 500m) and pass at minimum speed.

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed, which could be damaged or form a hazard to the Hornsea Three vessels, advise the Hornsea Three Onshore Fisheries Liaison of its position and nature.

4 Immediate contacts

Please contact the vessel on VHF Channel 12 and 16 (or by the details provided in [Section 7](#) of this notice) in the first instance.

If this is not possible, please contact Orsted coordination at the details below:

Marine and Helicopter Coordination Centre (MHCC)	24/7 contact	
	Tel: +44 (0) 20 7 8111169	E-mail: MHCC_HOW03_ADM@orsted.com

5 Fisheries Liaison

An Offshore Fisheries Liaison Officer (OFLO) will not be present on board the works vessels.

Onshore fisheries liaison is provided by Ady Woods (Hornsea Three Fishing Industry Representative), and Rhys Kibble, who can be contacted on:

Fishing Industry Representative	Ady Woods	
	Tel: +44 (0)7468 898948	
Commercial Fisheries Advisor	Rhys Kibble	
	Tel: +44 (0) 7775 613586	E-mail: rhys.kibble@brownmay.com

Out of hours (Monday-Friday 9am-5pm) please contact the vessel, as detailed in [Section 7](#), in the first instance.

6 Oil & Gas, Telecoms and Electricity Cable Operators

For those operators already in dialogue with Hornsea Three and other operators wishing to make general enquiries about the works, please contact Rob Holtom:

Project Manager (Third Party Offshore Crossings and Proximity)	Rob Holtom	
	Tel: +44 (0) 7734 809469	E-mail: xroom@orsted.com

Out of hours (Monday-Friday 9am-5pm) please contact the vessel, as detailed in [Section 7](#) in the first instance.

7 Vessel information

Contact can be made directly with the vessel, where necessary, using the contact details listed below.
