1. MARINE ACTIVITIES

1.1. Summary:

Mariners are advised that circa the 04/11/2025, the Jack-up Barge (JUB) **'JB 120'** will transit to, and jack up alongside the East Anglia THREE Offshore Converter Station (OFCS) within the East Anglia THREE Windfarm area set out in section 2 of this document, with the intention of remaining on station for approximately 6 months.

During Installation period, vessels are requested to maintain a minimum 2000m safety distance from the **'JB 120'** and supporting tugs.

1.2. Activity Description:

The jack-up vessel **'JB 120'** will be positioned alongside the East Anglia THREE Offshore Converter Station (OFCS) within the East Anglia THREE Offshore Windfarm area. The activity will consist of the following three phases:

1. **Rig move:** The JB120 will be towed and maneuvered to its designated location by use of tug vessel.
2. **Jacking-Up Procedure:** The JB120 will be temporarily soft jacked on a safe stand-off position, whilst four temporary anchors and mooring lines are deployed by the anchor handling vessel. The deployed mooring lines will be used to move the JB120 safely towards its final position, where it will be fully jacked.
3. **Operational Phase:** Once jacked up, the JB120 will remain stationary for an estimated six months.

During operations, the **'JB 120'**, Anchor handling tug, Assistant tug and Lead tug will be restricted in their manoeuvrability as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and lights. All vessels will transmit an Automatic Identification System (AIS) message.

A 500m statutory safety zone will then be maintained around the **'JB 120'** at all times.

1.3. Program Schedule:

The **'JB 120'** is expected to mobilize from the Port of Schiedam between 01/11/2025 and 04/11/2025 and to commence offshore operations within the East Anglia THREE area between 04/11/2025 and 08/11/2025, subject to weather conditions.

Progress and completion of installation works will be communicated via East Anglia THREE Weekly Notice of Operations and future Notice to Mariners.

All vessels will continuously monitor VHF Channel 16 and VHF DSC Channel 70 throughout operations. It is currently anticipated that weather permitting, works will be carried out on a continuous 24-hour basis, seven days a week, unless notified otherwise.

1.4. Vessel Details:

Vessel Details		
Name of vessel:	JB 120	
Call Sign:	C6IE5	
MMSI No:	311001648	
On Board Contact Details:	Phone: +31 162 762672 (Bridge) Email: RO120@jackupbarge.com	
Port of operation:	Schiedam

2. ACTIVITY AREA

2.1. Offshore Activity Area:

Location	Latitude (DDM)	Longitude (DDM)
----------	----------------	-----------------

3.1. Site Management:

Marine Coordinator	
Name	EA3 MCC
Contact Telephone Number	+44 (0) 1416144821
Email Address	ea3_mcc@scottishpower.com
Address	Herring Market, Battery Green Road, Lowestoft, Suffolk, NR32 1BZ

Offshore Installation Manager	
Name	EA3 OIM
Contact Telephone Number	+44 (0) 7960 608 666
Email Address	ea3_oim@scottishpower.com
Address	Herring Market, Battery Green Road, Lowestoft, Suffolk, NR32 1BZ

3.2. Emergency Contact:

Emergency Contact	
Name	EA3 MCC
Contact Telephone Number	Emergency Tel +44 (0) 141 6144822
Email Address	ea3_mcc@scottishpower.com
Address	Herring Market, Battery Green Road, Lowestoft, Suffolk, NR32 1BZ

3.3. Marine Management

Marine Management	
Name	Anthony Milligan
Contact Telephone Number	Tel +44 (0) 7760 880723
Email Address	amilligan@scottishpower.com
Address	Scottish Power HQ 320 St Vincent Street, Glasgow, G25AD
Scope of Work	OFCS Jack up Barge

4. NOTICE TO MARINERS' DISTRIBUTION LIST

A list of recipients for the Notice to Mariners is kept by the Project Team. If you wish to be added to this list, please contact the personnel whose contact details are set out within section 3 of this Notice.
