

Hornsea Three

Notice to Mariners – Weekly Construction Update

Ref: 09314456_AD

Date: 21/11/2025

1 Introduction to proposed activities

This notice provides an overview of the upcoming offshore construction activities associated with Hornsea Project Three Offshore Wind Farm ('Hornsea Three'), located within the UK Sector of the North Sea. It will be updated weekly to provide insights into the project's activities throughout the construction phase.

a) Working on site

Cable Installation Pre-lay Operations:

(Marine Licence: DCO/2016/00001)

Cable installation pre-lay operations along the Hornsea Three Eastern Export Cable Route (ECR) are ongoing, conducted by contractor Jan De Nul using the vessel "Pedro Alvares Cabral". The Trailing Suction Hopper Dredger (TSHD) is currently active on the Eastern ECR, and operations are expected to continue until 1 May 2026.

Orsted may require localised clearance of fishing gear from the area of operation shown in [Figure 1](#). Arrangements will be made on a case-by-case basis with the relevant individuals.

b) Upcoming works

Boulder and Debris Relocation:

(Marine Licence: DCO/2016/00001)

Boulder and Debris relocation along the Hornsea Three Inter Array Cable (IAC) routes and foundation positions will be undertaken by contractors Seaway 7 and Helix utilising the vessels "Normand Subsea" and "Grand Canyon III". Both vessels will utilise grabs and WROV push skids. The Normand Subsea is expected to mobilise from South Port, Aberdeen on 1st December 2025. The Grand Canyon III is expected

to mobilise from Great Yarmouth, Norfolk (TBC) on 12th December 2025. Operations are expected to continue until Mid-February 2026.

Orsted may require localised clearance of fishing gear from the area of operations shown in [Figure 1](#). Arrangements will be made on a case-by-case basis with the relevant individuals

Deployment of Wave Buoys:

(Marine Licence: MLA/2025/00413)

Service of the near shore wave buoy and deployment of a wave buoy along the Hornsea Three Export Cable (kp43) will be undertaken by contractor Fugro utilising the vessel "Shake Dog". Operations are expected to commence between 1st – 7th December and will last for 3-days, weather dependent. The area of operations is shown in [Figure 1](#).

2 Area of operations

All areas of operations described in this notice are presented in **Figure 1**. Full coordinate lists and plotter files can be provided upon request from the Hornsea Three Fisheries Liaison personnel, as listed in **Section 5**.

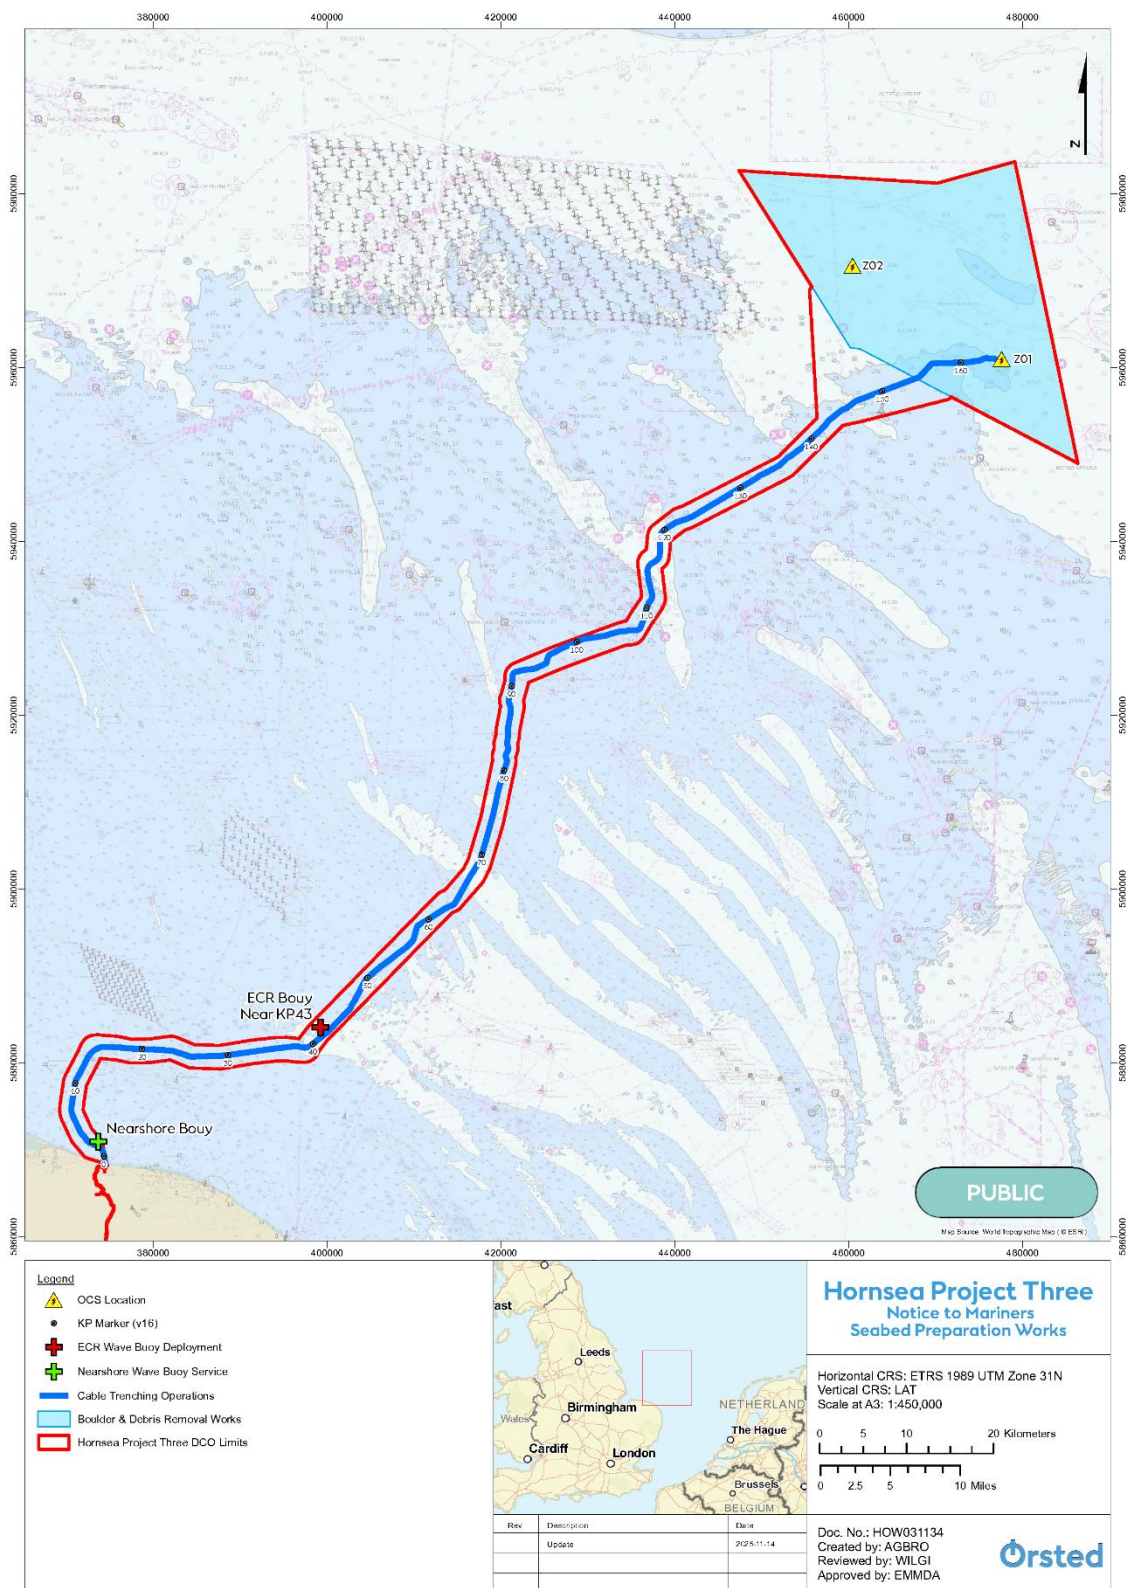

Figure 1 Area of Operations

3 Safety

Hornsea Three vessels will maintain a listening watch on VHF Channels 12 and 16 while within the relevant port authority area and will actively transmit an AIS signal.

Note that the vessels when under work will have limited manoeuvrability and it is therefore requested that all vessels operating near the Hornsea Three vessels maintain a safe distance (at least 500m) and pass at minimum speed.

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed, which could be damaged or form a hazard to the Hornsea Three vessels, advise the Hornsea Three Onshore Fisheries Liaison of its position and nature.

4 Immediate contacts

Please contact the vessel on VHF Channel 12 and 16 (or by the details provided in [Section 7](#) of this notice) in the first instance.

If this is not possible, please contact Orsted coordination at the details below:

Marine and Helicopter Coordination Centre (MHCC)	24/7 contact	
	Tel: +44 (0) 20 7 8111169	E-mail: MHCC_HOW03_ADM@orsted.com

5 Fisheries Liaison

An Offshore Fisheries Liaison Officer (OFLO) will not be present on board the works vessels.

Onshore fisheries liaison is provided by Ady Woods (Hornsea Three Fishing Industry Representative), and Rhys Kibble, who can be contacted on:

Fishing Industry Representative	Ady Woods	
	Tel: +44 (0)7468 898948	
Commercial Fisheries Advisor	Rhys Kibble	
	Tel: +44 (0) 7775 613586	E-mail: rhys.kibble@brownmay.com

Out of hours (Monday-Friday 9am-5pm) please contact the vessel, as detailed in [Section 7](#), in the first instance.

6 Oil & Gas, Telecoms and Electricity Cable Operators

For those operators already in dialogue with Hornsea Three and other operators wishing to make general enquiries about the works, please contact Rob Holtom:

Project Manager (Third Party Offshore Crossings and Proximity)	Rob Holtom	
	Tel: +44 (0) 7734 809469	E-mail: xroom@orsted.com

Out of hours (Monday-Friday 9am-5pm) please contact the vessel, as detailed in [Section 7](#) in the first instance.

7 Vessel information

Contact can be made directly with the vessel, where necessary, using the contact details listed below.

Scope of work	Cable Installation Pre-lay Operations	Boulder Clearance & Debris Relocation for Foundation and IAC areas		Wave buoy deployment
