## 1. MARINE ACTIVITIES

### 1.1. Summary:

Mariners are advised that circa between 03/12/2025 and 05/12/2025, the Jack-up Barge (JUB) **'JB 120'** will commence jacking up next to the East Anglia THREE Offshore Converter Station (OFCS) within the East Anglia THREE Windfarm area set out in section 2 of this document.

During the Installation period, vessels are requested to keep a 2000 m safety distance at all times from the **'JB 120'** and supporting tugs.

### 1.2. Activity Description:

The jack-up vessel **'JB 120'** will be positioned next to the East Anglia THREE OFCS within the East Anglia THREE Offshore Windfarm area.

- **Rig move:** The vessel will be maneuvered to its designated location.
- **Jacking-Up Procedure:** The vessel will be temporarily soft jacked on a safe stand-off position, from where its four anchors and mooring lines will be deployed. The deployed mooring lines will be used to move the vessel safely towards the final position, where the vessel will be jacked.
- **Operational Phase:** Once jacked up, the vessel will remain stationary for an estimated six months.

During operations, the **'JB 120'**, **'CENTAURUS'** (Lead tug), **'FAIRPLAY 62'** (Assistant tug) and **'FAIRPLAY 32'** (Assistant tug) will be restricted in their ability to manoeuvre as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and lights. The vessels will also transmit an Automatic Identification System (AIS) message.

A Statutory Safety zone of 500m radius will be in place around the **'JB 120'** at all times.

**'JB 120'** and supporting tugs are supplied with VHF multi-channel radios and mobile phones.

### 1.3. Program Schedule:

The **'JB 120'** is expected to mobilize from the Port of Schiedam between 03/12/2025 and 05/12/2025 and commence offshore operations within the East Anglia THREE area between 04/12/2025 and 06/12/2025. Works are subject to weather conditions.

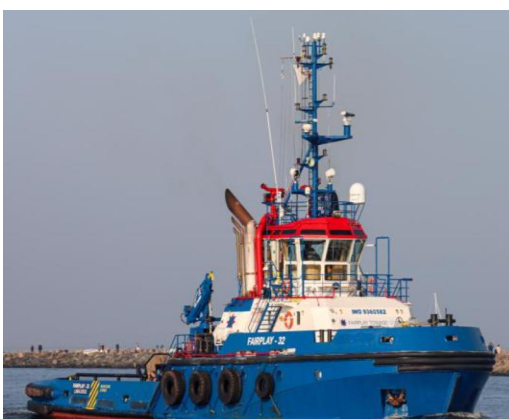

The progress of installation works, and completion will be notified via East Anglia THREE Weekly Notice of Operations. Completion of works will be notified by future Notice to Mariners.

All vessels will monitor VHF Channel 16 and VHF DSC Channel 70 continuously throughout the operation. It is currently anticipated that weather permitting, works will be carried out on a continuous basis (i.e., 24-hour working, seven days a week) unless notified otherwise.

**1.4. Vessel Details:**

Vessel Details		
Name of vessel:	<b>JB 120</b>	
Call Sign:	C6IE5	
MMSI No:	311001648

## 2. ACTIVITY AREA

### 2.1. Offshore Activity Area:

Location	Latitude (DDM)	Longitude (DDM)
East Anglia THREE Offshore Converter Station (OFCS)	52° 40.242' N	002° 51.763.' E

### 3. PROJECT CONTACT DETAILS

The following contact can provide relevant information if required. Please note that any specific queries can be addressed to the relevant shore-based representatives.

#### 3.1. Site Management:

Marine Coordinator	
Name	EA3 MCC
Contact Telephone Number	+44 (0) 1416144821
Email Address	ea3_mcc@scottishpower.com
Address	Orbis Energy, Wilde Street, Lowestoft, NR32 1XH

Offshore Installation Manager	
Name	EA3 OIM
Contact Telephone Number	+44 (0) 7960 608 666
Email Address	ea3_oim@scottishpower.com
Address	Orbis Energy, Wilde Street, Lowestoft, NR32 1XH

#### 3.2. Emergency Contact:

Emergency Contact	
Name	EA3 MCC
Contact Telephone Number	Emergency Tel +44 (0) 141 6144822
Email Address	ea3_mcc@scottishpower.com
Address	Orbis Energy, Wilde Street, Lowestoft, NR32 1XH

#### 3.3. Marine Management

Marine Management	
Name	Anthony Milligan
Contact Telephone Number	Tel +44 (0) 7760 880723
Email Address	amilligan@scottishpower.com
Address	Scottish Power HQ 320 St Vincent Street, Glasgow, G2 5AD
Scope of Work	OFCS Jack up Barge

#### 4. NOTICE TO MARINERS' DISTRIBUTION LIST

A list of recipients for the Notice to Mariners is kept by the Project Team. If you wish to be added to this list, please contact the personnel whose contact details are set out within section 3 of this Notice.
