

Sizewell C Notice to Mariners No 16 of 2025

Survey Operations

NOTICE IS HEREBY GIVEN That survey operations are planned to take place on 26th November 2025, weather permitting.

Nearshore Survey Operations

The bathymetric survey operations will be carried out from a vessel Predator and will involve the use of a multibeam echo sounder (no equipment will be towed).

Survey operations are due to commence on 26th November and take approximately 3 days to complete.

Other vessels should maintain an appropriate and safe distance when passing the survey vessel whilst they are undertaking survey operations and should pass at the lowest speed to avoid vessel wash effects. All vessels should comply with the Colregs at all times. The survey vessel will maintain a continuous listening watch on VHF Channel 16.

This chart below shows the planned survey areas where operations will be undertaken. See co-ordinates in Table 1 overleaf.

Point	AOI Node	British National Grid (BNG)		WGS84	
		Easting (m)	Northing (m)	Lat.	Long.
A	NW	647700	266250	52.23866	1.62652
B	NE	648200	266250	52.23843	1.63383
C	SE	648200	262750	52.20164	1.63321
D	SW	647700	262750	52.20187	1.63321
