## Notice to Mariners

**Ref: 08050062\_A**

**Date: 17/12/2025**

### 1 Introduction to proposed activities

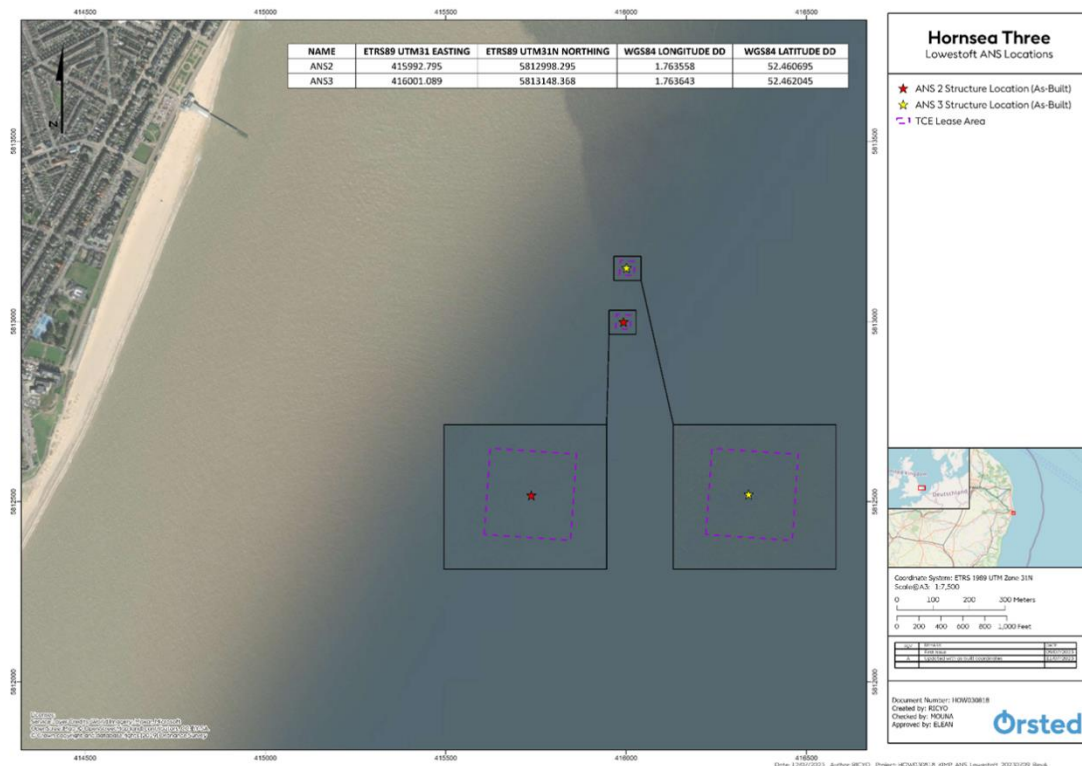

Mariners are advised that Orsted Hornsea Project Three (UK) Limited (hereafter 'Orsted') is investigating an Aids to Navigation (AtoN) transmission fault at ANS3 located in Lowestoft following a report that the structure is not visible via AIS and the navigational light is displaying the incorrect characteristic.

An official notification has been issued through the Local Aids to Navigation Reporting System (LARS). This update will be broadcast on VHF Channel 16.

The timing of the inspection and remedial works is subject to vessel availability and weather conditions. This Notice shall be updated accordingly should there be a change to the proposed activity or on completion of works.

### 2 Area of operations

The location of ANS3 is shown in [Figure 1](#) below and coordinates are provided in [Section 5](#) of this notice.
