DATE OF ISSUE:	07/02/2026
NOTICE TO MARINERS NUMBER:	LF600013-MIP-DOG-NOT-0020

Dogger Bank B Boulder Clearance Campaign

LOCATION DESCRIPTION		Dogger Bank B OWF Array Area
COORDINATES WGS 84	DBB Offshore	See Table 1 below
START DATE/TIME		15/02/2026
END DATE/TIME		27/02/2026

Description of Hazard/Operation

The offshore service vessel, **Normand Sentinel**, will perform boulder relocation operations within Dogger Bank B offshore construction area.

The works will be performed in a single campaign, commencing on the 15th of February 2026 continuing until approximately 27th February 2026. The works will be continuous, 24 hours a day. A chart of the DBB offshore area is provided below.

The operations involve the relocation and/or removal of subsea boulders by means of a Remote Operated Vehicle (ROV) around the Wind Turbine Generator (WTG) locations.

During operations, the **Normand Sentinel** will be restricted in its ability to manoeuvre as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and night lights. The vessel will also transmit an Automatic Identification System (AIS) message.

It is requested that all vessels maintain a minimum of 500m safety separation distance from the Offshore **Normand Sentinel** and pass at reduced speed. Fishing gear or other equipment with seabed intervention should not be deployed in the general nearshore working area
