NOTICE TO MARINERS

Title: East Anglia TWO Offshore Windfarm

Notice Number and Revision: Notice 6 Rev 2

Date Issued: 23/01/2026

Expiry Date: 28/02/2026

NOTICE TO MARINERS – 23/01/2026

Planned Activity

All Mariners are advised that the survey vessel VOS Gorgeous (Call Sign 2HEN8) will be performing a program of survey and investigation works off the coast of East Anglia operated by Sulmara Subsea Limited on behalf of their client, Scottish Power Renewables.

The survey work consists of a short phase, as follows:

- Marine Resistivity Survey comprising a towed array of hydrographic survey equipment approximately 150 m in length within the boundary highlighted in Figure 1 and coordinates in Table 2. This is expected to last approximately 5 days.

The vessel will operate 24 hours per day.

Table 1 Schedule of Activities for both vessels.

VESSEL	Expected Start Date	Expected Completion Date	Duration
Ocean Marlin	28 th January 2026	13 th February 2026	13 days

The exact start and finish dates will be dependent on the prevailing weather conditions and work progress but the above represents current best estimates.

During acquisition, the vessel will be restricted in changes to course and speed, or stationary with restricted movement. It is requested that all vessels maintain a safe distance and not pass within 500 metres of the vessel.

Throughout these operations, the vessel will be displaying the shapes and lights prescribed in the International Rules for the Prevention of Collisions at Sea (COLREGS) Rule 27, (Vessels restricted in their ability to manoeuvre).
